Hôpitaux Universitaires de Strasbourg  
Strasbourg 67200  
France

**SUBJECT: Hemophilia Centre Twinning ORAN / SIDIBELABBAS (ALGERIA) - STRASBOURG (FRANCE)**

---

Dear Prof. Faradji,

We are very pleased to officially inform you that the partnership between the Hôpitaux Universitaires de Strasbourg and the CHU Oran/Sidibelabbas has been formally recognized and approved by the WFH Programs Committee, following the reception of your action plan and twinning application.

Within the framework of the Twinning Program, **a yearly financial allocation of US \$1,500** is provided to support the partnership expenses between the two hemophilia centres (i.e. communications, traveling, etc...). The twinning payment will be sent to you upon receipt of your banking information. Please send us your banking information as soon as possible using the forms enclosed with this letter. The form must be completely and accurately completed for the wire transfer to be possible.

Please keep records of all your activities in order to submit a progress report to the WFH headquarters during the month of November of each year. We would also like to take this opportunity to ask you to take action – photos of your twinning partnership activities and send them to WFH Headquarters, so that we could use these pictures in various WFH publications.

I take this opportunity to extend our congratulations on the work being achieved and our appreciation of all your great efforts. We wish you much success with your newly established cooperation between twinned hemophilia centers.

Finally, for any clarification or further information, you may contact Assad E. Haffar, Program Coordinator responsible for Africa and Eastern Mediterranean, who will be ready to help you and respond to all your questions.

Yours sincerely,

Prof. Alison Street  
Chair – Centre Twinning Program

Cc: Prof. Hadj Touhami, CHU Oran, Oran, Algeria
